# A BILL

## intituled

An Enactment to amend "The Netherlands Indian Labourers' Protection Enactments, 1909."

IT is hereby enacted by the Rulers of the Federated Malay States in Council as follows:

Short title and commencement.

1. This Enactment may be cited as "The Netherlands Indian Labourers' Protection Enactments, 1909, Amendment Enactment 1925" and shall come into force on the publication thereof in the *Gazette*.

Amendment of section 27 (ii).

2. Sub-section (ii) of section 27 of each of the Enactments mentioned in the schedule is amended

- (a) by deleting the words "of ten cents in cash" in line 8 and substituting therefor the words "in respect of each such ration of a sum of twenty cents or such other sum not less than twenty cents as may from time to time be fixed by the Superintendent with the approval of the Resident and notified in the *Gazette*"
- (b) by deleting the words "ten cents in cash" in line 9 and substituting therefor the words "twenty cents in cash or such other sum as may have been notified as aforesaid"

## SCHEDULE.

### PRINCIPAL ENACTMENTS.

State.	Number and year.	Short title.
Perak ...	19 of 1909	The Netherlands Indian Labourers' Protection Enactment, 1909
Selangor ...	17 of 1909	
N. Sembilan ...	19 of 1909	
Pahang...	26 of 1909	

## OBJECTS AND REASONS.

In the principal Enactments, passed in 1909, ten cents is taken as the cash equivalent of a day's rations. It is considered that such a sum is no longer an adequate equivalent, and the object of this Bill is to substitute for ten cents an amount more nearly approximating to the present cost of a day's rations.

KUALA LUMPUR,  
18th August, 1925.

Legal Adviser, F.M.S.

(ii) The power to grant permission in writing to do any of the acts referred to in section 27 (i) (a) of the Enactment may be exercised by the Conservator.

## PART VI.

## THE CONSTITUTION OF RESERVED FORESTS.

37. The proclamation to be issued under section 5 of the Enactment shall be in form VII, and shall be published as soon as possible after the issue of the notification referred to in section 4. Copies of the proclamation shall be posted at the head-quarters of each mukim in which any portion of the proposed reserve is situated, and in court-houses, mosques, and other conspicuous places in every town, village, or kampong within the proposed reserve or sufficiently near it to be affected by the reservation. Copies shall also be sent to penghulus for distribution within the mukims affected by the proclamation. The meaning of the proclamation shall be personally explained by the District Officer to the penghulus, and, if possible, to other persons who may be interested.

38. The enquiry prescribed by section 7 of the Enactment may be begun as soon as the proclamation referred to in the preceding rule has been published, but shall not be closed until the full period allowed for the presentation of claims has elapsed. On the presentation of claims the District Officer shall communicate particulars thereof without delay to the Deputy Conservator. In the course of his enquiry the District Officer shall, as far as possible, visit every town, village, and kampong in the vicinity of the proposed reserve, so as to afford the people likely to be affected by the proposed reservation as full an opportunity as possible of advancing and proving their claims.

## 12

The Deputy Conservator of Forests or other Forest Officer nominated by the Conservator (hereinafter referred to as the Forest Officer) should accompany the District Officer, but the full responsibility for the enquiry and for the recommendations made rests with the District Officer, who alone may sign the records of evidence and the recommendations made thereon. The Forest Officer shall be allowed access to, and to take copies of, the written records of the enquiry and is entitled to be present while evidence is being recorded by the District Officer.

39. Evidence may, at the discretion of the District Officer, be taken on solemn affirmation. The District Officer shall record in writing particulars of all claims made under section 5, shall enquire into each and record the evidence produced, and shall finally in each case recommend what action should be taken. The Forest Officer shall be allowed to question witnesses and to produce evidence. The enquiry should not be confined to the claimants: the District Officer shall himself summon and examine any persons, whom he may think likely to have knowledge of the facts, and particularly of the existence of any right or practice to which no claim has been made.

40. When considering claims and making recommendations thereon the District Officer shall be guided by the following general principles:

(i) Persons or communities preferring claims to rights or requests for privileges must, before such claims are recorded as rights or such requests are acceded to as privileges, have succeeded in establishing a claim, in the case of rights, to continued exercise thereof by virtue of succession or long-established custom, or under a grant or contract made by Government, and, in the case of privileges, to the generosity of the Government. No provision should be made for any right or privilege, which was not exercised prior to the issue of the notification under section 4.

(ii) No right shall be recorded or privilege recommended in such a manner as will permit of the right or privilege increasing with the growth of a community or family. Any extensions of rights or privileges, which may be necessitated by such growth, will be dealt with on their merits as the occasion arises.

(iii) No right shall be recorded or privilege recommended without defining with exactitude

(a) in the case of a personal right the name or office of the individual in whom the right or privilege is vested;

(b) in the case of a community, the name of the mukim, town, village, or kampong, and the number of households at the time of the enquiry; and

(c) in either case, the nature and extent of the right or privilege.

## 13

(iv) No provision shall be made for the exercise of a right or privilege, which will ultimately result in the destruction of the forest or render impossible its maintenance as such.

(v) The Government does not recognize any right to practise *ladang* cultivation.

41. The District Officer shall make such recommendations as he may deem fit for dealing with rights and privileges claimed. Without prejudice to the generality of this power he may recommend

- (a) the excision from the proposed reserve of the area affected by any claim;
- (b) the continuance, subject to section 9 or to any special conditions, of the exercise, either wholly or in part, of any right or privilege claimed;
- (c) the commutation of any right for a money payment, or provision for its exercise elsewhere.

42. In all matters connected with an enquiry held under section 7 it is the duty of the Forest Officer to give professional advice to the District Officer, and of the District Officer to take such advice into consideration.

43. The records of the enquiry shall include:

- (i) A copy of the notification published under section 4.
- (ii) A copy of the proclamation published under section 5.
- (iii) A record of the manner in which the proclamation was published and explained.
- (iv) The petitions received.
- (v) A record of the evidence taken, of the recommendations made in regard to each claim, and of any objections raised or suggestions made by the Forest Officer.
- (vi) A report by the District Officer giving a summary of the proceedings, a general account of the conditions prevailing in and around the proposed reserve, a statement of the grounds on which his recommendations are made, and a complete statement of any proposed cash payments for the surrender or extinction of claims. The report need not deal with the detailed recommendations made on each claim otherwise than by reference to the draft notification referred to under (viii) below.
- (vii) A note by the Forest Officer giving a brief account of his visit to the neighbourhood of the proposed reserve in company with the District Officer, and stating distinctly whether he agrees with the District Officer and his reasons for disagreement, either generally or on any specified point.
- (viii) A draft notification in form VIII, or as near thereto as circumstances permit, giving a complete statement of the external boundaries of the area to be reserved, of the areas within those boundaries which are to be excluded from reservation, and of the rights to be admitted and privileges to be granted.

## 14

(ix) A map, to be prepared by the Forest Officer, if possible not exceeding in size a half sheet of foolscap paper, but on a scale which shall permit of the clear entry of all places and natural features of the country, without exception, mentioned in the draft notification, and as far as possible all those mentioned in the proceedings. The external boundaries of the reserve, as originally proposed, shall be outlined in red, and as finally recommended with a broken green line. The boundaries of areas within, but excluded from, the proposed reserve shall be shown in the same manner. Existing reserves in the neighbourhood shall be indicated by a continuous green outline.

44. The date fixed by the notification issued under section 12 shall allow sufficient time for the provisions of section 13 to be carried out, and shall in no case be less than one month from the date of publication of the said notification in the *Gazette*.

45. A complete copy of the proceedings shall be bound and maintained as a permanent record in the Conservator's Office.

ABSENT: The Lady Medical Officer [Dr. (Mrs.) M. J. Were], Mr. J. L. Sime, Mr. H. B. Talalla.

IN ATTENDANCE: The Acting Secretary (Mr. P. M. Carrier), the representative of the Press.

1. Minutes: Minutes of the previous meeting, having been circulated, are taken as read and are confirmed subject to the following additions and alterations: Insert the word "Singapore" after the words "Elementary School" in line 1 of para. 8, page 3. The minutes under General, page 5, should include a question asked by the Protector of Chinese, viz.: Will the Chairman enquire into the cause of the rise in the price of ice? Arising out of this question the Protector of Chinese calls the attention of the Board to the fact that certain information had reached him which will explain the cause of the 100 per cent. rise in the price of ice. After disclosing facts at his disposal he moves that representations be made to Government with a view to taking such legislative action as may be necessary to prevent profiteering of this nature. The motion is seconded by Dr. MacIntyre and carried.

2. Application by Yeo Teow Siam and others for 1½ acres of mining land in Batu mukim: The Board agrees to the alienation of this land for mining on the understanding that any anti-malarial work which may become necessary as a result of the mining will be paid for by the lessee or the Government.

3. Application for reinstatement of licences for fruit stalls Nos. 63 and 64 in the Central Market: A letter dated 5th November, 1925, from Messrs. Freeman and Madge is read and the Board agrees that the application should be refused.

4. Proposed site for quarters for native subordinates: The Board has no objection.

5. Proposed amendment of Petroleum Rule 23: The Board does not recommend the alteration to the existing rule.

6. The Board is notified of the following: The British Resident's approval of the extension of the Sanitary Board area in the vicinity of Bungsar, S.B. 819/25. British Resident's minute of 30th October, 1925, in S.B. 1200/25. Secretary to Resident's letter No. 5 dated 13th November, 1925, enclosure 10 in S.B. 1017/22.

7. Reply to Mr. Yap Tai Chi's question of which notice was given at Board meeting on 21st October, 1925:

Q.—Will this Board keep a motor ambulance in the Fire Brigade Station for transport of accident cases?

A.—Accommodation is not available at the Fire Brigade Station. It is decided to consider the question of purchasing a motor ambulance when preparing the estimates for 1927.

8. Extension of Kuala Lumpur water supply: The Board decides to postpone consideration as sufficient information is not available and asks the Senior Executive Engineer to prepare a memorandum on the existing supply.

9. Visible petrol station, Pudu Road: The Board has no objection to the issue of the licence.

10. Naming of road leading from Weld Road to Government quarters on Weld Hill: The members are unable to come to an agreement.

11. Flooding of portions of High Street, Petaling Street and Pudu Street: The Senior Executive Engineer explains the various causes of the floods and states that some improvement may be effected by minor alterations to the street drains and these will be put in hand.

12. Complaint from Mr. D. Freeman of the nuisance caused by the installation of a lathe at the Borneo Motors Ltd., Weld Road: A letter from Mr. D. Freeman dated 13th November, 1925, is read and the Chairman is asked to visit and report as to the nuisance.

13. Health Officer's memorandum of the overcrowding problem: The Board is informed that this is under consideration by the Public Health Education Committee.

14. Tenders for the lease of the Government Dairy at Rifle Range Road: On the recommendation of the sub-committee the Board recommends that R. D. Ramasamy's tender be accepted. The Chairman promises to see Mr. Ramasamy and find out if he can do anything to help the Infant Welfare Centre.

15. Warning of impending floods in Kuala Lumpur: A memorandum dated 17th November, 1925, by the Senior Executive Engineer reporting the inefficiency of the present method of giving warning of danger of flooding and suggesting certain improvements is read. The Board adopts the suggestions and, in the meanwhile, decides to ask the Electrical Engineer if arrangements can be made for the Shift Engineer to report to the Police when the river is dangerously high.

16. Recommendation for rates for 1926: It is decided to recommend that rates for 1926 be the same as for 1925. It is agreed that, until the Government committee's balance sheet and memorandum have been considered by Government, it is useless to put up other figures to support any recommendation for a change in the rates.

17. Health Report: The Health Officer's report on the health of Kuala Lumpur for the month of September, 1925, is submitted:

The "Imperial" is fitted with typically British characters—not found on foreign typewriters—96 in all, 12 more than usual. Visible writing on which the light is thrown whatever the position of the machine. Typing to the extreme top or bottom of the paper or card used. Unfailing regularity in the spacing and alignment of the writing.

The "Imperial" Typewriter is now becoming known as the most up-to-date and convenient machine on the market; the construction of this machine is extremely simple, having fewer parts to get out of order than almost any other. It is very strong and yet not bulky.

These three illustrations show the simple method of removing the Type Units. (Vide Instruction Book.)
